Preschool Division of
DELHI PUBLIC SCHOOL PANVEL
— www.dpspanvel.com —

At Credo Joy, our curriculum supports holistic child development through our play-based and theme-based curriculum fosters all-round development. We focus on nurturing curiosity, creativity and essential life skills.

Theme-Based Learning : Our curriculum incorporates theme-based learning, where each Quarter focuses on a central theme (e.g. Fitness, Nature, Neighbourhood, science and technology). This approach helps children connect concepts across subjects, making learning more engaging and meaningful. With our theme-based approach, children explore topics through hands-on experiences, promoting active learning, critical thinking, and creativity.

Language and Communication : Early literacy and conversational skills are fostered through phonics, stories, and interactive activities.

Cognitive Development : Basic concepts in math, science, and problem-solving are introduced through hands-on activities and exploration.

Physical Development : Gross and fine motor skills are enhanced through sports, outdoor play, and art-based activities.

Social and Emotional Growth : Empathy, teamwork, and emotional intelligence are developed through group activities and collaborative projects.

Creative Expression : Music, dance, drama, and arts & crafts stimulate imagination and individual expression.

Environmental Awareness : Children learn about nature and sustainability through outdoor activities and environmental themes.

The best preschool in New Panvel! The friendly and polite staff at Credo Joy create a welcoming environment for all. I really appreciate that every child is encouraged to participate in programs, and each one gets a chance to speak on the mic. This wonderful approach boosts kids' confidence.
